

# The REACH Register

## Timrod Elementary School

Volume 1

October 2021

Issue 2

### A Note From The Teacher

Dear REACH families,

Happy Fall! Fall is my personal favorite season. I love the cooler, crisper weather, wearing sweaters, and all things pumpkin! It is also the time of year that I feel more energized. We have gotten over the haul of starting back to school, students are settled into their routines, and there is so much to look forward to!

Parent and teacher conferences are also coming up. This is a great time to check in with teachers to make sure your child is thriving in their classes- especially after so much virtual learning last year. It is so helpful to communicate with teachers to make sure everyone is finishing the semester strong! REACH students should be maintaining their grades and should also be feeling challenged in their classes.

### Upcoming Events

- October 4-8..... Fall Intersession
- October 11 ..... Teacher Workday
- October 12 .....Eastern Carolina Agricultural Fair
- October 16 ..... Flo-Town's Kid's Got Talent
- October 21..... Conferences
- October 23 ..... The American Heritage Festival Lake City
- October 31 ..... Halloween

## Recent Activities

### 3rd & 4th Grades

- Hercules and Theseus Myths
- Spanish Family Tree and Numbers in Spanish
- Planet Research

### 5th & 6th Grades

- Civil versus Criminal Laws
- Finding Mixed Fractions and Improper Fractions
- Numbers in French

# Pumpkins

How many pumpkins do I have?

If I give half of my pumpkins to my friend Tom and then give half of what is left to my friend Zara, I will have 6 left.

$$\text{Pumpkin} + \text{Pumpkin} + \text{Pumpkin} = 27$$

$$\text{Pumpkin} + \text{Pumpkin} + \text{Devil} = 22$$

$$\text{Wizard} + \text{Devil} + \text{Wizard} = 10$$

$$\text{Pumpkin} \times \text{Devil} + \text{Wizard} = ?$$

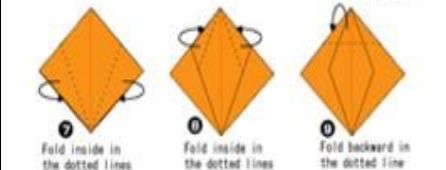

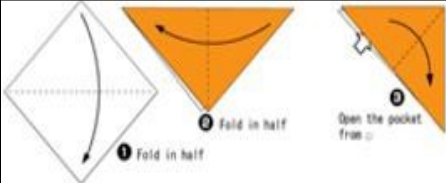

# Candy Bowl

I have some candy in a bowl. It is all green and purple. There are 3 times as many green pieces as there are purple pieces. If there are 28 pieces of candy altogether, how many are green and how many are purple?

# Halloween Sudoku

	2	7	5	1	6			
	8				4	5		
						3		
5	7	9	2					
1			7	9	3			2
				8	7	9	4	
	9							
	6	3					4
