Dear Parent(s),

In the event state and district officials close schools in F1 we are prepared to extend learning into the home. On eLearning days, students in grades 2-6 will work virtually from home. Students will have regular assigned classwork and their teachers will be available electronically during virtual office hours (Elementary: 9:00-11:00 & 1:00-3:00). Students in Kindergarten and 1st are provided individualized learning work packets. We are sending these packets home today in an effort to be proactive. Please leave the packets in your child’s book bag until needed.

State and district officials will make the decision regarding closing schools.

Students will be responsible for completing their own eLearning assignments during the eLearning day. Students who encounter problems completing the assignments due to internet issues will be responsible for submitting assignments within five days of returning to school. Students in grades 2-6 are responsible for communicating with their teachers via F1S email and/or Google Classroom if they have difficulty completing assignments. Parents are responsible for encouraging their child to complete eLearning assignments. It is helpful to dedicate a space and time for students to complete eLearning assignments. Parents should email or assist their child in emailing the teacher if questions regarding eLearning assignments arise. The teacher’s email address can be found on the teacher’s classroom website. Parents should contact the technology help line in the event of technical issues.

To do this go to: www.f1s.org. Click on Our District. Click on eLearning. Click on I Need Help!

The Florence One website has many resources available to help students be successful. To access student online resources, go to www.f1s.org. Click on I AM... A Student. Click on Student Digital Resources.

Florence One Schools conducted mock eLearning sessions on November 15th and 19th and our students did well. Today we will ensure all students in grades 2-6 know how to access our online learning platform, Google Classroom. Our students use this platform daily. Each student has his/her username and password for every digital program we use. We ask that students continue to read daily and practice math facts in addition to completing assignments.

**State and district officials will make the decision regarding closing schools. At this time, a decision has not been made.**

Enclosed with this letter, please find:
- Learning Packets (Kindergarten and 1st)
- Related Arts Activities

Should you have any questions or if I can be of any assistance, please feel free to contact me at tara.king@fsd1.org. In the event of school closures, I will check email regularly.

Sincerely,

**Tara King**
