

BRIGGS ELEMENTARY SCHOOL LEARNING EXPECTATIONS FOR QUARANTINE

The staff at Briggs Elementary School remains committed to providing the best possible learning experience for our students and families. In the event that your child is a close contact to someone with COVID-19 and has to quarantine, student learning will be a priority. This document provides clarity on how student learning will be managed during times of quarantine.

STUDENT EXPECTATIONS FOR GRADES 1-5

1. Students will be offered the opportunity to sign into Google Classroom at their designated classroom time and join the scheduled Google Meet. Please see times listed below.
2. Students will join the Google Meet link, shared within the Google Classroom, and remain logged in while the Google Meet is open.
3. Students will mute their microphone while logged in.
4. Students will access all lessons and learning activities assigned by the teacher within their Google Classroom/SeeSaw.
5. Student attendance is tied to student work. Teachers will take attendance for students on quarantine using the SC-VTP code once the student has submitted the work. If the student does not submit the work, the student will be marked as an unexcused absence (UNEX).
6. Students or parents that have questions about assignments, should email their teachers or attend the teacher's virtual office hour for clarification.
7. Teachers will do their best to reply to emails within 24 hours during the school week.

*This section will be completed for each individual student and emailed.
